About Trifecta

Founded in July 2023 by Co-Founders Abdallah Awad and Faisal Alateibi, Trifecta Car Washing & Polishing delivers premium, showroom-quality vehicle detailing directly to customers across Abu Dhabi. What began as a mobile service for individual car owners is now expanding into structured, contract-based solutions for buildings, towers, residential and commercial compounds, and facility and property management partners.

Our approach is simple: professional car care, delivered on-site with consistent standards, convenient scheduling, and close attention to every vehicle.

MISSION
